

GLOBAL LEADERS 2021-2022

Students Empowering Students

Student Executive Board

This year's invested Executive Board came together to help support the program once again. Their creative and empowered minds have helped to generate new service projects and lead their peers through another successful year.

New Student Initiated Projects

We have expanded the Pop-Up food pantry to include Lopez and Putnam Elementary School! We partner with the Larimer County Food Bank to help to combat food insecurity in the Northern Colorado community.

International Travel

We were able to take two trips to Guatemala in June and August, 2022! Our global teamily came together to complete service projects in Guatemala one again. We plan to take two trips again in the summer of 2023.

GL students helping out at a local CSA, Shire Farms. Shire Farms creates locally sourced and healthy food options for our Fort Collins community. Our students offer a helping hand to organizations like Shire to create positive change in the community.

WHERE DID WE SPEND IT?

2021/2022: FIRST FULL YEAR POST COVID - WE ROCKED IT!

The GL community came back stronger together during our first full program year post COVID. The students had wonderful new ideas about where and how we could help serve the community. We have created new partnerships while re-connecting with our former ones. We also were able to take two trips to Guatemala. We engaged with our international team and were able to support our global community once again.

THANKS FOR YOUR SUPPORT!
