

GLOBAL LEADERS 2022-2023

Students Empowering Students

Student Executive Board

This year's invested Executive Board of 5 students came together to help support the program once again. Their time was spent planning seminars and lessons, communicating with service partners and building a strong, connected group of students.

Local Service Projects

Our students were involved with a variety of service projects all over Northern Colorado!

- Tutoring at Lopez & Putnam Elementary
- Leading the Pop-Up Food Pantry at Poudre High School in partnership with Food Bank for Larimer Country
- Spending time with kids at Respite Care
- And more!

International Travel

We were able to take two trips to Guatemala in June and July, 2023! Our global Teamily came together to serve several communities! Service Projects included: installing 25 Clean Cookstoves, spending time with patients at a local hospital, and clearing land and planting new coffee trees on a small local coffee farm.

GL students helping out at a local CSA, Shire Farms. Shire Farms creates locally sourced and healthy food options for our Fort Collins community. Our students offer a helping hand to organizations like Shire to create positive change in the community.

OPERATING BUDGET: \$244,846.29
(REMAINDER FUNDS COME FROM PROGRAM FEES)

2022/2023:

The GL community came back stronger than ever during this program year! The students had wonderful new ideas about where and how we can help server community. We have created new partnerships while strengthening old partnerships. We also were able to take two trips to Guatemala, where we engaged with our international Teamily and were able to support our global community once again.

THANKS FOR YOUR SUPPORT!
