

# Students Empowering Students

Date: \_\_\_\_\_

Dear \_\_\_\_\_,

On behalf of Global Leaders, I want to express gratitude for your donation to Global Leaders. Your support and generosity is invaluable to our mission to include students in our program regardless of their financial background. Your donation of \$\_\_\_\_\_ is greatly appreciated. As with any charitable contribution, please consult with your tax consultant about deductibility.

With the support of donors like you, Global Leaders has steadily built its need-based scholarship fund to create opportunities for disenfranchised youth. Your support allows us to continue to support students who may not have access to leadership programs like ours.

Our effort to bring together students of all backgrounds and economic classes is a critical element of our overall success. Students of diverse backgrounds have much to teach one another about compassion and cross-cultural understanding, just as the Guatemalans with whom Global Leaders' students live and work have much to teach our students about other perspectives in life. With Global Leaders, participants reach beyond their comfort zones, gaining deeper and more meaningful understandings of themselves and the world. Global Leaders truly appreciates your donation and celebrates your choice of supporting education, international understanding, and empowering student leaders. We invite you to visit our website at [www.globalleadersinc.org](http://www.globalleadersinc.org) to learn more.

With gratitude,

Joe Fontana  
Co-founder and Executive Director  
Global Leaders
